session in the western hemisphere if their status were determined by developments in the war were agreed upon at the inter-American conference in Havana.

That conference adopted a resolution which proclaimed that the American republics would regard any transfer, or attempted transfer, of the sovereignty, jurisdiction, position or other interest in or control over any such region in the continent to another non-American state as inimical to their peace and political independence.

To carry out that pronouncement, the Havana conference designated an inter-American committee empowered to establish temporary administration over European colonies to end when normal conditions were restored.

British and French forces landed at Guxaco and Aruba in the Netherlands West Indies in the wake of the Nazi invasion of Holland to sabotage the large oil refineries there. The United States had advance information that the troops were landed at request of the Netherlands government, however, and that no change of status was planned. Later Netherlands troops replaced the British and French forces.

Malta Bombed

VALLETTA, May 17.—(AP)—Bombing planes bombed Malta Thursday night and again Friday. A communiqué said there was some damage to government property and a few persons were killed.

"The army may be making men out of us, George, but why do they keep paying us boys' wages?"

Hess' Flight IS SERIOUS FOR GERMANY

Continued from Page One

Germany's first flight instructor, Dr. Baumbach, suggested.

Lack of enthusiasm

According to underground information, the German army has failed to evoke the enthusiasm which might be expected from the German people. Their principal concern appears to be the end of the war and the return of the German people to their homes.

Reaction outside the party is more difficult to gauge. Dr. Baumbach believes there is a feeling of indifference to the effect on the German people. They are looking to Hess as the man who represented their ideals but there are plenty of others who are looking to Hess as the man who represented their ideals but there are plenty of others who are looking to Hess as the man who represented their ideals.

There was no doubt in Dr. Baumbach's mind but that the obviously premeditated and carefully planned escape of Hess to Britain would seriously shake the faith of those who had looked to him as a savior.

Dr. Baumbach's propaganda that Germany had been led to fight because of Franco-British intrigues might be one of the most serious blows to the German people's faith in the Nazi regime.

London's anti-Nazi newspaper "The Zeitung" edited by political refugees in England has taken a consistently strong line which stresses the importance of Hess's flight in England from a propaganda viewpoint, and at the same time has attacked the description of Hess as an "idealist and a fine man" which some British political writers have used.

"It is a supreme moment without precedent in this war," Sebastian Haffner, editor of the paper, writes. "It is the psychological moment when every-thing is in the balance."

The German people, Haffner says, have been led down not only by Hitler but by his other leaders, who have had to dish out three living tales within 48 hours to explain Hess's flight. Haffner predicts that the bulk of the German people will rank all penalties to later in the London radio for some explanation of one of their leaders' defection.

"Battle Of Flames"

LONDON, May 17.—(CP)—Hess' flight, says Haffner, is a "battle of flames" between the German people and the British people. It is a battle of flames between the German people and the British people.

A subject of intense interest to every loyal Canadian. An officer of M.D. 15 will discuss Alberta's contribution. Listen to this program tomorrow at 5:30 p.m. over Station—CJCA.

U.S. SENATE ACTION HARMS TROOPS MOVE TOWARD IRAQ

Continued from Page One

The senate was willing to let Mr. Roosevelt go down as well.

SECRET BALLOT

To get the Premier it also brought into use, for the first time in the history of the senate, the use of the secret ballot in voting on the aid to the British.

There were 35 of the 53 members of the senate at the meeting.

Attack on the awarding of the degree to the Premier was led by Senator B.A. L.B. of Alberta.

Mr. McLeod, formerly was a member of the University Board of Governors.

REPORT OF THE SPECIAL AGENT

Mr. Patterson moved adoption of the report in so far as it recommended the Premier.

MOTION DEFEATED

After some discussion the motion was defeated by a vote of 18 to 17.

Mr. Patterson, C.E. chairman of the Board of Governors, who was presiding for Dr. A.C. Butterfield.

Farmer Dies Of Injury Caused By Scared Team

Exclusive to Edmonton Bulletin

RIMBY, May 17.—William Block, 75, died in hospital here Friday following injuries received late Thursday afternoon when the team he was leading bolted and trampled him.

Mr. Block was able to make his way to the home of Mrs. Grinde where he was taken to hospital.

He is survived by his wife, a daughter, Gertrude, living at home, a son, C.E. Block, and two daughters residing in the United States.

Interpreting War News

Continued from Page One

to Syria en route to the Iraq war front may now have to bring their own fuel with them. As has been done to keep the Axis forces in the East.

THAT may account in part for the slow-motion pace of the Nazi attack against the British defenses at Tobruk. Now that the British forces have recaptured Suda, east of Tobruk, and have taken "Hellfire Pass" in that area, it seems possible that the German-Italian advance has not only been halted but thrown out of Egypt completely. There are even suggestions that the British forces have started a counter-offensive to push westward again beyond Tobruk, although that is doubtful.

For among the possibilities of France—German "collaboration" is the further grave consideration that French bases in Tunisia also will be placed at Nazi disposal. That would greatly shorten the Axis air route to the war front in Libya.

It is only 90 miles or so across the Strait of Sicily to Tunisia and an effective night shuttle service by air or sea from Sicily to Tunisia seriously would threaten the menace of the Axis North African campaign.

Will Join R.C.A.F.

OTTAWA, May 17.—(CP)—Ten United States army pilots from California who want to bring their extensive experience to the Royal Canadian Air Force.

PERFORMANCES OF ORCHESTRA WIN ACCLAIM

Mount Royal College Musicians of Calgary Highly Commended

Orchestral players of Mount Royal College, Calgary, "steal the show" at the Alberta music festival at the McLeod auditorium Friday night and moved a near-capacity audience to cheers by performances that brought warm words of commendation from Dean Arthur Collingwood, who adjudicated in the classes in which they participated.

Not only did the young Calgary band "steal the show" on Friday night, but their performance, and the demonstration by the audience was evidence that they had "steal" it for the whole week. So many of the members of the Alberta music festival have been a more enthusiastic reception of a competitor than that which greeted the playing of Sibylla perennially popular and welcome long poem Finlandia. Many in the audience stood up and cheered and called for encores for a total of 18.

CONDUCTOR PRAISED
The Mount Royal College players took part in two competitions. In the senior string orchestra section, not exceeding 35 players, the Mount Royal College Junior String Orchestra, conducted by Jaucha Galperin, the sole competitor, scored 92 and 85 marks for a total of 18.

Then the Junior Symphony, from the same institution, played and won 94 and 95 marks for a total of 189. There was no other orchestra.

Dean Collingwood, in adjudicating, declared that "in all my experience of music festivals, I have never heard such splendid orchestral work as in these two classes. Calgary ought to be very proud of this orchestra and its personnel. But it ought to be specially proud of its conductor, who did so well."

He himself knew something of conducting orchestras, said Dean Collingwood. He knew of the difficulties of conducting a group of feathery orchestras with a background of professionals, or a professional orchestra with a background of amateurs.

It is more difficult to conduct such an orchestra as this than a professional orchestra, he said.

ADJUDICATOR THRILLED
John Barbirelli, conducting the New York Philharmonic Symphony Orchestra, had no such difficulties as confronted Mr. Galperin. Mr. Barbirelli conducts a group of highly-skilled, technically-efficient players. He never needed to worry about whether they would play skillfully, with correct intonation. Mr. Galperin was confronted with the hazard of players not coming in and not doing the right thing when they did. However, Dean Colling-

Maud's Serves Edmonton For Nearly 25 Years

This is an interior view of the Maud's department store at 1025 Jasper Avenue, which has served Edmonton homes continuously for nearly a quarter of a century from the same location. The name of Maud's has been outstanding in the paint circles of Edmonton and Western Canada for nearly 25 years as one of the best paint and wallpaper stores. Through good years and depression this store has followed steadily the policy of only offering its customers quality materials at

fair prices. Ever alert to progressive, new ideas in decorating, Maud's has always been a leader in the paint and wallpaper business. Maud's has been outstanding in the paint circles of Edmonton and Western Canada for nearly 25 years as one of the best paint and wallpaper stores. Through good years and depression this store has followed steadily the policy of only offering its customers quality materials at

CITY HOSPITAL COSTS, REVENUE ARE REPORTED

Operational costs of the Royal Alexandra Hospital for the first four months of 1941 amounted to \$1,000,000, compared with \$1,000,000 for the corresponding period last year, an increase of \$200,000. But the less the estimated cost, it was disclosed in a statement of the hospital board at its meeting of the Edmonton Hospital Board.

Total earnings for the 1941 period were \$1,000,000, compared with \$1,000,000 for the 1940 period, an increase of \$200,000.

Revenue for the 1941 period amounted to \$1,000,000, compared with \$1,000,000 for the 1940 period, an increase of \$200,000.

For the four months of 1941, the hospital board reported that the total cost of the hospital was \$1,000,000, compared with \$1,000,000 for the 1940 period, an increase of \$200,000.

Chairman Aid. George Campbell, in his report to the board, stated that the hospital was operating at a loss of \$200,000 for the first four months of 1941, compared with a loss of \$200,000 for the 1940 period.

Recommendation of the board was that the hospital should be operated at a loss of \$200,000 for the first four months of 1941, compared with a loss of \$200,000 for the 1940 period.

It was also decided to increase the hospital's operating budget for the first four months of 1941, compared with a loss of \$200,000 for the 1940 period.

It was also decided to increase the hospital's operating budget for the first four months of 1941, compared with a loss of \$200,000 for the 1940 period.

CELEBRATIONS OF TORCH DAY ARE PREPARED

Plans for Torch Day celebrations to be held here on May 27 were discussed at a meeting held in Mayor John W. Pyle's office Friday. The following committee was named to take charge of arrangements for the celebration: Mayor Pyle, John W. Pyle, C. G. Gillespie, Robert A. Anderson, D. W. Abbott, K. C. Williams, Hon. D. B. MacLennan and L. Y. Cairns, R.C.A.F.

The Torch Day is being planned in connection with the flight of a bomber into Edmonton on May 27, serving the local torch ceremony of Canada's loyalty to Britain.

The torch is being carried across the city by the R.C.A.F. and the torch is being carried across the city by the R.C.A.F. and the torch is being carried across the city by the R.C.A.F.

TRUSTEES WILL RECEIVE REPORT ON TWO SCHOOLS

Report on the hearing and general operation of the Westlock and Gimora schools from the maintenance department of the Edmonton school board was requested Friday night at a meeting of the property committee.

Disposal of scrap material, consisting of cast iron and steel in school basements, was discussed and Secretary H. G. Turner was authorized to contact the local committee to ascertain the policy of the city in dealing with such material.

Grounds of the Jasper Place school, under discussion, following a request from the Jasper Place community league that the grounds be leveled, was referred to the committee by the board and it was decided that the dead trees on the adjoining property would be removed, but that for the time being no leveling should be done.

Matter of the disposal of the Gimora school buildings was tabled for the time being.

A decrease in the cost bill for the schools amounting to \$2,000 over last year's figures, was reported, and an increase in 1941 in the light costs, as well as an increase of \$10.73 in the water account.

An interim report on the care of floors in the schools was submitted by Supt. R. B. Sheppard, secretary, H. G. Turner and J. M. McArthur, plant, who also gave a report on improvements to be made in the grounds of the Westlock high school.

Provision W. G. McConachie presented.

Edmonton Regiment To Attend Service On Sunday Morning

Led by the regimental band, approximately 300 officers, non-commissioned officers and men of the Second Battalion, Edmonton Regiment, will parade to dress service at First Presbyterian church Sunday morning, 11 o'clock.

The band will attend the service, which will be led by the minister, Rev. J. Macdonald Miller.

Pétain's Appeasement Program Includes Full Economic Co-Operation

But Does Not Affect French Pacific Of Western Possessions

By RALPH HEINZEN

VICHY, France, May 17.—(UP)—It was understood today that Maréchal Philippe Pétain's plan for appeasing Germany includes full economic co-operation by France

EXCLUSIVE

and her African colonies, but does not affect French Pacific or western hemisphere possessions.

He would shape French industry and agriculture to suit the purposes of an Axis-dominated Europe, and place the French African Empire at the service of the Axis powers for exploitation as a source of raw materials, foodstuffs and living space for warlike European populations. He would turn France's face to the east and her back on the Anglo-American world, despite all her sentimental, political, economic and cultural ties with North and South America. He would not, however, offer Germany any military co-operation.

BASIS FOR NEGOTIATIONS

This was the impression left by Chief of State Pétain's radio speech to the French people last night. He explained that a basis for negotiations with Germany had been laid down by Vice Premier Admiral Jean Durand, Adolf Hitler and German Foreign Minister Joachim von Ribbentrop at their four-hour conference at Berchtesgaden, Sunday; that he (Pétain) approved of this basis, and that "if... we are able successfully to conclude these negotiations France can overcome her difficulties and conserve in the world her rank as a European and colonial power."

Pétain gave no details of his plan but it was generally understood to offer Hitler the chance to lay the tremendous, untraced wealth of French Africa all the way to the Congo.

Nothing has been agreed upon yet between Pétain and Hitler, however, except a basis for negotiations. It was indicated that Durand would not take long to reach an agreement. Belatedly it was learned that on his way to see Hitler last week-end, he had met Dr. Hjalmar Schacht, German economic expert and minister without portfolio, at war-crazed Brunsau. Saturday and that Durand had agreed fully to Schacht's gigantic scheme for a European economic new deal under German direction.

OUTPUT TO GERMANY

There have been reports that France agreed to deliver Germany a large number—some said 600,000—of sheepskins from North Africa and several million eggs, and that certain French factories, which had not accepted any German orders, would hereafter devote their entire production to German requirements, and that Germany, in return, would increase France's share in the coal, iron, steel and other raw materials distributed by German industrial control commissions. There was no confirmation for these reports, however.

PERMITS SHOW BIG INCREASE IN BUILDING

Large increase is recorded in the number and value of building permits granted in the four largest Alberta cities in the first three months of this year, as compared to the same period of 1940, according to figures released Saturday by the trade and industry department.

Edmonton, Calgary, Lethbridge and Medicine Hat in the three months period under review issued a total of 566 permits, valued at \$1,182,817. In the same period of 1940 there were 324 permits valued at \$611,565.

Construction figures for the first three months of this year show a total of 113 contracts valued at \$1,944,500. In the same period of 1940 there were 174 contracts valued at \$1,400,000. The same period of 1939 shows 114 contracts valued at \$927,500, while in 1938 there were 128 valued at \$1,504,209 and in 1937 there were 89 contracts valued at \$250,400.

FUR PRODUCTION

Greatest increase among the industrial field for the first two months of the present year was fur production, which showed a gain of 240 per cent. over the same period of last year. Total value of furs marketed was \$1,191,812, and the number of pelts was 929,625.

Marketing restrictions continue to keep the wheat income below the previous year's standard, states the department. During January and February income was down eight per cent., with 117,318,000 bushels marketed at a value of \$26,370,280. Coarse grains were down six per cent., with 19,448,779 bushels bringing \$2,969,676.

Satisfactory gains were recorded in butter and cheese production. During the period under review butter marketings reached 3,098,066 pounds, valued at \$772,386, a gain of 47 per cent. Cheese gained 13 per cent., the market value of 277,130 pounds being \$45,777. Concentrated milk sales totalled 20,384 cases, valued at \$44,000, a gain of 28 per cent. Flour milling also showed a gain with production at 383,230 barrels, which, valued at \$1,524,682 represents a gain of 16 per cent.

PETROLEUM PRODUCTION

Butter market prices brought a gain of 31 per cent. for sheep and

lambs marketed. A comparison shows that 18,822 marketings brought \$157,212, compared with \$102,680 for 14,502 in the same period a year ago. Petroleum production of 1,510,000 barrels, valued at \$1,916,044, represented a gain of 49 per cent. Coal production rose five per cent. with 1,270,032 tons valued at \$3,369,484. Clay products gained 41 per cent.

with a total value of \$84,226. Wholesale trade, during the period, rose 12 per cent. with a total value of \$14,672,882. Machine companies reported a 17 per cent. increase in business, totaling \$634,477. Sales of new motor vehicles rose two per cent. with a total value of \$1,757,323. There was a large decrease in retail receipts, there being 18,553 as

against 35,595 in the first two months of 1940, a decrease of 48 per cent.

CLIMBED TO HONOR

LONDON.—(CP)—Sergeant C. Bigland of the Salford Fire Brigade, was awarded the British Empire Medal for climbing 70 feet and putting out a fire which threatened disaster in an ammunition store.

City's Chinese Send Cheque to Hospital Board

Edmonton's Chinese are not unmindful of the benefits which the city's institutions may bestow on members of their race, and gave tangible evidence of this recently by sending a substantial cheque to

the Royal Alexandra Hospital as a gift in recognition of "help accorded some of their people."

The gift—a cheque for \$678.77—proceeds of a concert held recently in Haddon Hall was sent to City Comptroller A. A. Campbell and was forwarded by him to the hospital authorities.

Friday evening at the hospital

board's regular meeting a letter of thanks to the Chinese Benevolent Association was directed to be sent with an expression of suitable appreciation of the public spirited action of Edmonton's Chinese residents.

Originally, butter was spread with the thumb, with Charles II of Sweden setting the fashion.

"BLOOD...TOIL... TEARS and SWEAT"

This is a war for existence. It is war to the death. It is a war to win or to lose.

There can be no half way—no compromise. It is a war to WIN.

Money is the fourth arm of the service.

Whatever you are called on to pay or to lend, it is little compared to the lives that our sons offer.

There have been many and heavy calls upon Canada already.

There will be more.

Let us face the truth and the truth will make us free.

It is freedom we are fighting for, British freedom, the freedom of body and spirit that makes life worth living.

If we fail, we fail.

Be prepared for sacrifice.

Great Britain has set us an example on a scale of heroic magnificence history doesn't record.

Let us FIGHT!

Canada has the resources. Let us spare nothing. When our soldiers offer their lives, let us be willing to share our livelihood.

Presently the Government of Canada will call for money.

The money is here.

We are spending billions. We are already heavily taxed. But most of these billions and those taxes are being spent in Canada. That money comes back to you. Keep it rolling. Keep putting it back into the war effort, so that it may be spent again and again and again until Right prevails and the world is free.

FIGHT...WORK...PAY

Canada must be Free

DEPARTMENT OF FINANCE, CANADA

BRIGHTEN UP YOUR TOWN

Tourist Beautification Campaign Now Is Making Swift Progress in City

Edmonton's tourist beautification campaign, sponsored by the Junior Chamber of Commerce, is now rolling in high gear. With the initial difficult spadework completed, which consists largely of delivering the K.O. punch to that gaudy old man, inertia, swift progress from now on is assured.

Few cities on the continent possess more natural beauty than Edmonton in the summer time. Edmonton also has long been renowned among Canadian cities for its cleanliness, but with the driving pressure of an all-out war program, there might be an inclination to neglect things, which would result in a loss of civic prestige.

Junior Chamber of Commerce officials and others in charge of the current beautification campaign point out that it is anything but patristic to neglect the appearance of the home or business establishment. Actually, the very opposite is true. Efficiency only functions at its highest potentiality in clean, quick and neat surroundings.

TOURIST TRADE

In addition, a dirty, run-down city will attract no visitors. And for the vital purpose of financing the war effort it is necessary that Canada attract all the tourist trade it can this summer.

A clean, bright, really beautiful city will be a magnet for tourists and Edmonton will be just that kind of an address if the aims and objectives of the present campaign are achieved.

Of course there is another good reason for cleaning up and painting up at the present time. It will stimulate many businesses and therefore improve the economic life of numerous citizens.

With warm commendations of His Worship Mayor John Fry and other leading citizens sponsoring their own Junior Chamber members have the

CAMPAIGN IS PROPOSED TO AID INDUSTRY

Promotion Drive For Alberta Goods Outlined By Minister

Sponsored by the provincial trade and industry department, a 40 weeks promotion campaign on behalf of Alberta manufactured goods will commence in the near future. It was announced Saturday on behalf of Hon. Ernest C. Manning, minister of trade and industry. The campaign will have behind it the concentrated resources of the government, the manufacturers and the newspapers.

The program will be divided into three phases, according to Mr. Manning, namely, newspaper advertising, displays of Alberta trade-marked goods and a "Buy Alberta Trade-Marked Goods Week."

The daily newspapers of this city and Calgary are co-operating, said Mr. Manning.

Arrangements have been made for a display of Alberta Trade-Marked Goods at the Edmonton summer fair and the Calgary stampede. Space will be provided without cost to the manufacturers and demonstrators will be available when desired. Motion pictures and slides of Alberta industries will be shown.

Climax of the campaign will be the Buy Alberta Trade-Marked Goods Week, during which retail merchants will feature Alberta

Trade-Marked Goods and will be supplied with suitable window cards and streamers.

It is expected by Mr. Manning that the majority of retail merchants in the province will co-operate.

Already 3,000 retail merchants have signed up under the new contract provided by the inferior program. In addition, 500 manufacturers and 12 distributors have signed. While this is an apparent decrease over the figures signed under the previous contract, George A. Clab, chairman of the Alberta Marketing Board, explained this as being due, mainly, to some difference in classifications.

Date of the campaign is expected to be set in the near future.

Ten Calf Shows Will Be Held In Next Few Weeks

Directed by the provincial department of agriculture 10 beef calf club shows will be held in various parts of the province in the latter part of May and early June, it was announced Saturday.

Dates and locations are: Custer, May 19; Breckenridge, May 20; Brooks, May 21; Medicine Hat, May 22; Lethbridge, May 23; Calgary, May 24; Edmonton, May 25; Lethbridge, May 26; Lethbridge, May 27; Lethbridge, May 28.

Aim of these clubs is to instruct young men in the principles and practices of beef feeding and to

teach them how to select and judge beef animals.

Calfs are shown and judged after being tended, fitted and finished by the various club members. At conclusion of the shows, the calves are offered for sale and buyers assembled to bid. Some outlying calf clubs ship their calves to a central market for the sale and in other cases, two or more clubs hold a combined sale.

attempted murder of his 23-year-old wife, Diana, early Friday, was reported "dangerous" by hospital headwound.

PIKE'S LAWN GRASS SEED MIXTURES

The Most Beautiful Lawns in Edmonton Are Made with Pike's Lawn Grass Seed

Before buying Grass Seed Mixtures look over some of the permanent Lawns, Pulling Greens, etc., where our Seed has been used exclusively: Municipal Golf Course, C.N.R. Station and Office, Parliament Buildings, City of Edmonton, R.R. yards, Edmonton Bowling Green, etc. The testimony of those who have used our Grass Seed Mixtures is the best assurance of its superiority.

INTEGRITY is an important factor in the paint business. Many people like to do their own painting and decorating. They have to rely on the advice of the paint store as to quality of materials and how to apply them. Maund's have striven to merit that confidence in every sale of paint and wallpaper to their customers.

It is also worthy of note that experienced painting contractors, who know paint, have made Maund's headquarters for all their supplies.

Good paint—proper application—the right price are the essentials to a satisfactory job. Maund's Service includes all three.

Alberta District News In Brief

VIOLINISTS OF LLOYDMINSTER PERFORM WELL

Four of Lloydminster's young violinists made a good showing at the recent musical festival held at North Battleford. In class F, 10 years and under, M. Jones, Thelma and Dorothy Greninger played a Brahms and a March by F. Blumfeld, and the adjudicator gave Dorothy 82 and 63 marks and Thelma 80 and 82.

In class E, 12 years and under, Dorothy Plant received 80 and 79 marks and Elise Paulsen 81 and 79. The pieces played were Beethoven's March by F. M. Lee. All are the students of Mr. Conrad Elmslie.

Conducted by Miss Robinson, local high school teacher, the mixed chorus of 36 voices and the girls' chorus of the Lloydminster church attended the festival. The girls' chorus captured the highest marks in the collegiate group in which choruses from Battleford, North Battleford, and Regina competed. The local girls were awarded 85 and 84 marks for their renditions.

There was no competition for the mixed chorus who received the adjudicator's mark of 12 and 13. An item of interest on the program was the piano duet by the Ligonies, McCrue and Robinson which was awarded 85 marks by the adjudicators.

NEC—F. 5-17—A "good war would be a vacation for this."

Closing Of Silver Mines Is Gloomy Picture At Mayo, Y.T.

Exclusive to Edmonton Bulletin

MAYO, Y.T., May 15.—By Airmail—Mayo silver camp is quickly gaining a reputation for being the greatest, little up and down mining camp in the north today.

Two weeks ago word came through that the Treadwell Yukon's silver mining operations on Gale Hill would be resumed for the summer months. A few days ago A. B. Schellinger, superintendent for the Y.T. Corporation, returned from a conference with head office officials in San Francisco and announced that operations would be closed down for an indefinite period about September 15 this year.

New that the silver mines are to be closed down comes as a hard blow in the district where the main payroll since 1922 has been from silver mines.

Reasons for shut-down.

According to Mr. Schellinger, increased operating expenses, higher cost of supplies and new taxes compared with the present low price of silver are reasons for the shut-down. Consequently the summer's operations will be in the nature of "keeping up the mine" which will be closed out by the end of the season.

As a result of this latest prohibition, scores of T. Y. employees will be affected. The Treadwell Yukon has employed from 180 to 200 men each year, but a dividend payment in the past has been made to the shareholders. Business houses and other local enterprises also will be hard hit.

Out of the gloomy picture comes the cheering prospect of the expanding placer activity throughout the Mayo district. Since the silver boom started here in 1922, little attention has been paid to gold, but now the local miners are turning to the placer fields. Many former gold-bearing creeks have been re-opened and are now being worked by modern mining methods, very profitably.

RED DEER

"Y" Worker Is Guest Speaker

Arthur Allen, who is in charge of the Y.M.C.A. Auxiliary War Services at No. 22, Manning Depot, R.C.A.P. Point, south of here, was a guest at the weekly luncheon of the Red Deer Rotary Club. Mr. Allen presented a paper on the bombing of London.

Mayor E. S. Hoeg, who is organizer in the Red Deer district for the Victory Loan, worked for the success of the Club when he presented the paper.

The Y.M.C.A. Auxiliary War Services are already taking an active part in the life of the city at No. 22, Manning Depot, R.C.A.P. Point. Mr. Allen, of Red Deer, was formerly a member of the 22 Wireless Training School of the Air Force at Calgary. It is in charge at present.

It was reported that Betty Shaw had won the award in the All-Canada contest for the I.O.D.E. award. "What Distinguished Member, To Me" Mrs. White gave a short report on the contest. "Out in the Night" After lunch, Mrs. White on behalf of the chapter, presented Mrs. White, who was the guest of honor. Mrs. White leaves May 24 to join her husband in Calgary.

THREE HILLS

200 Lockers For Use Of Public In Old Bank Office

A new refrigeration plant and also a date stamp shop has just been opened in Three Hills in the old bank office. The building has been under extensive alterations and repairs.

Mr. H. McCann, the proprietor, expects to have over 200 lockers for the public. Mr. R. Colburn was in charge of the building.

GRIMSHAW

A farewell device was held in the Elks hall for Mr. and Mrs. Len Gudmundson and Mr. Woodrow Perry, who are leaving Grimshaw in the near future.

Mr. Gudmundson has been active in promoting sports in Grimshaw and is Exalted Ruler of the Elks Lodge, and also president of the Chamber of Commerce.

Mr. Perry has been a member of the hockey and baseball teams. He was awarded the hockey trophy for 1940 for the most valuable player north of the Peace River. He has joined the R.C.A.P.

MORRIS

The Morris Boys' Welfare League held a presentation party in the Morris Hall in honor of C. H. Hutton, who was given a presentation with a pen and pencil set. Before joining the army, Hutton was in charge of the Morris ferry and he took an active part in the provincial ferryboat organization.

PROGRESS FOR GRAIN SEEDING IS REPORTED

Peace River Furthest Advanced—Snow Acresage Is Reduced

WINNIPEG, May 15.—Substantial progress in field operations over the prairie provinces this week is reported by the Canadian Pacific Railway weekly crop survey released Friday. In spite of the fact that wet and variable weather conditions have retarded work on the land in all three provinces.

Manitoba reports wheat seeding 73 per cent completed; Saskatchewan, 61 per cent; and Alberta, with the exception of the Peace River country, which is far in advance, is 63 per cent seeded. In the Peace River district with moderate weather, work to seed with light to heavy rains, approximately 91 per cent of what is in the ground and 93 per cent of cover grains, and early snow melt was planned except in the extreme south.

Rains and snow falls have improved the ground in grain and south-central Alberta and in the Peace River country.

More is needed along the Leduc, Hoadley, Lacombe and Wainwright. The farmers' intention-to-plant survey, released May 15, by the Dominion Bureau of Statistics shows a decrease in acreage in Alberta of 22 per cent or 1,080,000 acres, a total decrease for the three provinces of 24 per cent or 4,684,000 acres. This brings the total seeded acreage to 20,382,000 as compared with 21,750,000 in 1940.

Safe Brakes Make For Safe Driving

Majority of Accidents Can Be Prevented When Brakes in Good Shape

That the great majority of accidents are preventable has long been accepted and to no type of accident is this so true as in the case of traffic and highway crashes. Some experts even go so far as to say there is no such thing as an accident, except where structural defects are present in equipment and this is very rare indeed in the case of the modern Canadian and American built motor car, the most excellent machine in the world.

But many cars and motor parts are so apt to wear swiftly on a much-used machine as the brakes. And no other part is so important from the standpoint of the safety of the motorist and others.

For this reason, city police headed by Chief Const. A. G. Shute, have announced that a systematic check-up of automobile brakes will be made in the city during the next few weeks.

SPECIAL STICKERS

Special stickers are being made available to garages and service stations where private cars are regularly serviced. Garages issuing stickers are responsible for the condition of the brakes they check, and are asked to be sure brakes are in good condition before affixing stickers.

A nominal charge is made for each O.K. sticker, to cover cost of printing and publicizing the campaign.

If a private mechanic is employed to test or adjust brakes, motorist may obtain stickers direct from the secretary of the city police department. There will be a small charge for such stickers.

WILL NOT BE HALTED

Chief Shute believes that an O.K. sticker on the windshield of a car or truck is an assurance that the vehicle will not be halted for brake inspection.

The time to do something worthwhile and necessary is right now, as police urge motorists to obtain their O.K. stickers at once.

Former Governor Of N.S. Passes

SHELBURNE, N.S., May 17.—(CP)—Robert Irvine, 76, former lieutenant-governor of Nova Scotia, died at his home here today after a lengthy illness. He resigned as lieutenant-governor of the province in 1940, three years after his appointment, because of eye trouble.

City High Schools Prepare For Graduation Exercises Next Month

GIRLS' CAMP AT VICTORIA PARK NOW ARRANGED

C.G.I.T. Clubs Will Hold Day In the Open On May 31

C.G.I.T. "day at camp" will be held at Victoria park on May 31, it was announced this week. Interested groups will be planned for the occasion.

Final meeting of the 1940-41 Council was held in the form of a picnic like this week. Mary Sachs presided. A worship service beside the campfire and their Little League singing. Nominations were accepted for officers in the new council.

Following are activities of various city groups:

Norwegian group held a picnic and picnic lunch. Monday. Plans for the picnic were made. Mrs. J. P. Hansen and Mrs. J. P. Hansen were the hosts. The picnic was held at the Victoria park. Other guests were Mrs. J. P. Hansen and Mrs. J. P. Hansen.

First Presbyterian made plans for a picnic and picnic lunch. Monday. Plans for the picnic were made. Mrs. J. P. Hansen and Mrs. J. P. Hansen were the hosts. The picnic was held at the Victoria park. Other guests were Mrs. J. P. Hansen and Mrs. J. P. Hansen.

SAVING FORESTS IS ESSAY TOPIC

Daughter of Mr. and Mrs. Leroy Roy of 1107 106 ave. Miss Maryvonne Roy, 15, Grade 12 student of the Immaculate Conception convent was named one of the winners in a contest sponsored by the Dominion department of forestry on "How can we do to preserve our forests."

Graded winners of the contest will be heard over a radio broadcast on Friday, May 23.

"As a student of this subject, I am looking up to safeguard its industry. Those of the forests include, more so because of their influence on water-control, climate conditions, game conservation, and by reason of their attraction to tourists," her essay read in part.

"There are many ways that individuals can aid in the preservation of forests. One way is by doing everything that can be done to guarantee that the hazards of fire are cut to a minimum."

Y.P. Board To Hold Banquet, Dance Tonight

Members of the Interdenominational Young Peoples' Council will hold a banquet and dance on Saturday night at the Victoria park. The banquet will be held at the Victoria park. The dance will be held at the Victoria park.

SCONA YEARBOOK OFF THE PRESS

Excitement ran high at South Side Composite High Thursday morning when the Scona yearbook "The Triester" was distributed to some 800 students. Feature of the book is an "Inter-denominational" page, paying tribute to I.A.C. Thomas and I.A.C. William Oehler, both of whom gave their lives for their country in the past year.

List of those boys and girls on active service is also given. Each title page is decorated with an emblem of one of the winning committees such as athletic, literary, etc. The book is being sold by the Scona Yearbook Committee. The book is being sold by the Scona Yearbook Committee.

Plan Broadcast Children's Play

Members of the World Friendship Club Sunday will present a play "The Lullabying," based on William Penn's treaty with the Indians over Radio Station CKUA at 12:00 noon. Written by Elsie Park Grooms, the play is in commemoration of Good Will Day. Young people are asked to "listen in" on the presentation.

The Boy Scout movement was officially banned in Holland by the Nazi invaders in April. A statement from Amsterdam by way of Berlin alleged that the Dutch Scouts, as members of an international Scout movement, were an instrument of British cultural and political propaganda.

Book-Shelf

New Books on the shelves of the children's section of the Edmonton Public Library

The Critter Book, by Ellen Simon. An exciting new kind of how-to-do-it book. Pipe-cleaners, cork, paper, string, and glue are the material necessary to make these amazing "critters," 6-11 years.

Humpy, Son of the Sands, by Hamilton Williamson, with pictures in color by Becker and Elmer Hader. There is a great deal of surprise about the telling of the adventures of Humpy, the cat. The story is told in a series of chapters, each of which is a story in itself. The story is told in a series of chapters, each of which is a story in itself.

Lady Arabella Birthday Party, by Layard and Mary Baker. With their clever text and pictures tell a delightful story of two babies, who looked so much alike that no one knew which was which. 6-8 years.

Mr. Scrunch, by Helen and J. J. Evers. Mr. Scrunch, lovable old invention, spends his time inventing machines to make it easier for people to work, easier for them to play, and even easier for them to do nothing at all. 6-9 years.

Mother Goose Safety Rhymes, by C. M. Barling. This picture book presents safety rules in rhyme for young children. 6-8 years.

SCOUTS COLLECT STEEL HELMETS. Saskatoon Boy Scouts have been cooperating with the Canadian Legion in a house-to-house canvass of the homes of veterans of World War I for old "tin hats," for the use of civilian war workers in England. A substantial quantity was secured. Publicly brought in a number from outside points by mail.

CHEERS ECHO AS CUB PACKS STAGE RALLY

Wolf Cubs Gather For Annual Indoor Meet Of 12 Packs

Cheers echoed widely through the University club building Saturday night as Edmonton Wolf Cub packs gathered for their annual indoor rally. Over 300 Cubs of 12 city packs competed in various events connected with the work of the organization.

The rally opened with the "Grand Howl" and flag-bearers. Inspection of packs was conducted by F. S. Russell, district commissioner of Wolf Cubs, assisted by Rev. Capt. C. F. A. Clough. Games and contests followed.

During the afternoon the Fourth and Eighth packs demonstrated jungle dances. Shield for the pack division was won by the Third All Saints pack. Second St. Paul's pack maintained their trophy for the year.

Will Hold Skit At Anniversary Church Supper

News of Trail Ranger group in this city was restricted largely to doings of clubs in connection with softball and other sports—recorded previously on the sports page of The Bulletin.

Recent meeting of the Central Vikings resulted in a decision to hold a skit at the church anniversary supper. Bob Payne is acting as group member in the skit. The skit will be held at the church anniversary supper. Bob Payne is acting as group member in the skit.

McPhail's Warning Wasted—Son Enters Baseball

READING, May 17.—Although advised against, a baseball career by his father, 22-year-old Leslie MacPhail, Jr., has become business manager of the Reading (Pa.) club in the Inter-State League.

After several years in the live stock business, young Lee MacPhail applied to the Brooklyn Dodgers for a job. His father wrote him:

"My advice to you is to stay right where you are and forget about baseball as a career. If you think it's all glamor and sport and easy money, you're going to have a sad awakening and I think you might regret changing occupations."

"Baseball has been good to me, but it has also been a 24-hour-a-day job and I know it has cost me hundreds more headaches and heartaches than any profession or business I could have taught. If you still want to come in, I'll let you start by running one of our minor league clubs—but it's up to you to make the decision."

Lee MacPhail took the job.

Biographies In Brief ...

Over and above their status as one of Hollywood's leading young stars, the movie city's Deanna Durbin and Vaughn Paul's Mrs. Paul is still very much a product of Canada and Winnipeg. She takes her place alongside other Canadian "girls" as one of the most charming entertainers ever to hit the great American stage.

And like most modern motion picture lovelies she worries about her weight—but not very much.

Actually Miss Durbin doesn't seem to worry about much anything. This by no means makes her a frivolous, irresponsible, and self-confident, and a slightly self-disciplined. In an interview she is inclined to be cool, but honest, answering questions with a "yes" or "no" until pressed. She never equivocates with a "perhaps" or a "maybe."

Every penny of her savings from the various sources has been given to a trust fund, so that her financial future will be secure.

If Miss Durbin is not worrying about her future, her studio is taking every possible precaution for it. Besides her salary, which is said to be mature and safe from change or strain, the actress' charms are her healthy beauty and wholesome naturalness. She must not be so smartly or amorously popular as Universal's council of elders has agreed that the future of this latter ambition will be realized. Canada's Miss Durbin faces a bright future and prepares for any kind of a future.

Youth Parade

AMONG many favorable outcomes of the 19th annual Edmonton Boys' and Girls' Fair which concluded this week in the Y.M.C.A. building was the record number of young athletes who took part in various sports events connected with the youth exhibition of hobbies and sports.

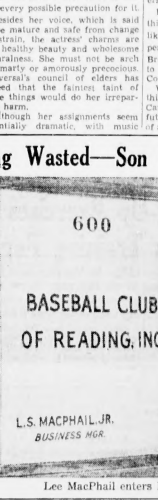

At Porter, former managing director of the fair and prominent member of the advisory board of the fair had much to say of this particular feature of the event where he walked in on his at the "up" building one day this week.

The influx of new interest amongst the youngsters was particularly noticeable in the budding class. At stated, "I don't know why this should be," he said. "Probably an explanation lies in the growing interest in sports among the youngsters of junior high school age—perhaps such as those arranged for high school, young people's club, church groups and others. At any rate I think it's one of the outstanding parts of the past winter sports season."

It may be a sign of the times, younger boys and girls working their way into sports heretofore regarded as strictly adult. Other sports, in fact most sports have had their influx of young players in recent years. Notable is cricket, taking on a new interest here largely through youth getting interested—this is the opinion of several well-known city cricketers.

If the mode is a sign of the times, it may well be regarded as a good sign for future athletes.

BASEBALL CLUB OF READING, INC.

DRAMA CLUB TO HOLD PICNIC

By Mary Gibb

Dramatics Club Key Group will hold a picnic Tuesday to plan re-distribution of points required for membership. Plans have been made for a picnic early in June. At the Thursday meeting of the I.S.C.F. Rev. D. Young of First Baptist church spoke on "Why Sulk At Life."

The club will be re-organized this week. The executive plans to train grade 11 students in reading of the next year. They may lead the club next year.

"Last Fling" Is Big Moment For Students In Final Year

Despite reduction of graduating classes through prominent students leaving for active service in different fields of the fighting forces, grad class committees in city high schools this week were proceeding with plans for that last fling of fun which means so much to Grade 12 students ready to enter the world of industry.

A hike was staged recently at White Mud Creek by the Technical school grad committee when refreshments, sing-songs and the usual camp patter did much to leave an unforgettable memory in the minds of next year's business-people.

Bill Cunningham's Column

Real America Is In Small Towns

NEWPORT, V.I., May 17.—It does something to the United States to have a fellow in get away up in one of these towns and meet the real America. That's where it is. We haven't got it in the cities, especially in the big-whoring cities like New York and Los Angeles.

EXCLUSIVE

from one way of looking at it, only is the true picture of the knitted tangle of backgrounds, social elements, conflicting interests and ancient enmities and hatreds and animosities that are the problem, possibly the picture of a challenged United States.

But one sees a definite pull-back in the cities, differing interpretation of such words as "Americanism," "democracy," and a sharp, if often rudimentary, variance in ideas concerning the path along which wisdom, real defense and even national safety lie. One can sense the difference in atmospheres by riding a few hours.

Lincoln and Wheeler are homes to large portions of the cities. They're not much more than the cities, and the cities are America really speak, it will speak from all 100 miles back toward the coast line. I don't know what it will say, but it will come from the coast and the west and the hills to the northward.

Engines With Fourth Speed

FIRST ALREADY seem to be making out the cry in the distance. "To hell with Hitler" screaming out that monstrous motor, "To hell with Hitler" screaming out that monstrous motor, "To hell with Hitler" screaming out that monstrous motor.

I for one haven't given up thinking of America in terms of peaceful existence, of fine and friendly men and women, where food something pretty close to the common denominator of all life can and should be in a well-ordered world. I'm a city fellow, myself, and I have no other sort of existence, but I frankly envy those whose roots are in the country.

Centrals Trim Moose 8-2 Senior Men's Softball Loop

Bringing into action for the first time this season Stan Spooner, formerly of Toronto, Centrals Friday night downed the Moose 8-2 to move up in the senior men's softball league at Kingsway Park.

CLASSY FIELD IN FEATURE RACE JAMAICA TRACK

NEW YORK, May 17.—(AP)—Five of the longest and fastest Whirlaway race in either the Kentucky Derby or Preakness will have a chance to pick up important money Saturday when they are to contend with the champion three-year-olds.

The five were among the best of the year, and the winner of the Kentucky Derby or Preakness will have a chance to pick up important money Saturday when they are to contend with the champion three-year-olds.

Texas's Punches Fail Stop Aggressive Tactics of Winner

NEW YORK, May 17.—(AP)—Bob Montgomery took Lew Jenkins' famous "Sunday punch" for a couple of rounds Friday night without finding it too tough to swallow, and then came on to outpoint the world lightweight champion in 10 rounds in Madison Square Garden. Montgomery weighed 136½; Jenkins 135.

Before a roaring, well-pleased crowd, the "Philadelphia Henry Armstrong" laughed off the skinny Texan's ripping right-hand shots in the early going, fought a crowd-sugging fight all the way and won going away in the non-title tussle by which he earned a shot at Prince Zivic's welterweight crown.

Conn-Knox Bout Set For May 26

PITTSBURGH, May 17.—(AP)—The Billy Conn-Buddy Knox fight will be held in Pittsburgh on May 26 after all.

It was scheduled for that originally, but later was postponed to May 27 because it conflicted with the welterweight title fight between Prince Zivic and Red Cochrane.

Then the Zivic-Cochrane bout was postponed because of the Conn-Knox boxing card.

MACK'S PLAN FOR MORE NIGHT BALL COOLY RECEIVED

NEW YORK, May 17.—(AP)—A proposal by Connie Mack for increasing the number of night games in the major leagues met resistance from some of his fellow managers Friday and apparently was rejected.

The venerable president of Philadelphia Athletics predicted the present limit of seven night games at home for each club would be major reason for the rule before the annual meeting next December and added that he personally would vote against it.

In reply Edward G. Barrow, president of New York Yankees, declared that only a unanimous vote of every club in each league could change the rule before the annual meeting next December and added that he personally would vote against it.

"I don't believe in night baseball," said the 72-year-old veteran who has been in baseball almost as long as Mack, "and I would have to oppose any movement to allow more games. This was settled at Chicago last winter when Connie Mack and I agreed to limit the season to 141 world series baseball games."

"I don't believe in night baseball," said the 72-year-old veteran who has been in baseball almost as long as Mack, "and I would have to oppose any movement to allow more games. Art Ross Presents Trophy For Most Valuable Player

BOSTON, May 17.—(CP)—Governors of the National

Hockey League Friday appointed Art Ross, president of the

National Hockey League, to present the trophy to the most

valuable player in the league during the 1940-41 season.

The trophy will be presented to the player who has the

highest number of points in the league during the season.

The trophy will be presented to the player who has the

highest number of points in the league during the season.

Your Baby And Mine

Every mother who intends to have her baby in a hospital will want to consult her own doctor, or the hospital authorities, as to the requirements for herself and baby.

In most hospitals all she will need to take with her are nightgown, robe and slippers, her toilet articles, and some extra clean linens to cover her own gown or the utilization hospital gown.

Most hospitals ask nothing for the baby, preferring to use their own garments until the day the baby arrives, when he can be dressed in his own clothes.

Mr. O. L. N. wonders if he will find ladies in the ward and feeling of the baby. This department tries to meet all the needs of mothers, needs for advice, when feeling—every imaginable aspect of interest, to her, and efficient staff.

She continues: "Would you tell me through the medium of your column how I could get out and what she needs as it is?"

The information handed down in a dozen columns. But, in general, the new baby will be fed on his mother's milk for the first few months. After that, change pure and pure form of Vitamin A and B is a regular part of the diet.

At 3 to 5 months of age, the breast milk of the mother is not enough to sustain and stimulate growth. A few weeks later, the mother's milk is not enough to sustain and stimulate growth.

The month more and vegetables, make their appearance—leaves, green vegetables, steamed and boiled, or served in soup. The great variety, cannot just for baby's health, but for the mother's health.

Beginning at a time and in small amounts, by 9 to 12 months, the mother will be taking a small portion of each of these foods daily. Steamed milk is the last addition to this menu.

At 9 months, the breast milk will be weaned, even though it has been fed successfully up to that time.

The hours of feeding change with the increases in the diet. At 12 months, the baby will be fed on a diet of 4 to 6, 11 to 13, and 14 to 16, 17 to 19, and 20 to 22, 23 to 25, 26 to 28, 29 to 31, 32 to 34, 35 to 37, 38 to 40, 41 to 43, 44 to 46, 47 to 49, 50 to 52, 53 to 55, 56 to 58, 59 to 61, 62 to 64, 65 to 67, 68 to 70, 71 to 73, 74 to 76, 77 to 79, 80 to 82, 83 to 85, 86 to 88, 89 to 91, 92 to 94, 95 to 97, 98 to 100, 101 to 103, 104 to 106, 107 to 109, Cold Canyon Antarctic Sideshow Big Shot Birds Inspecting British Iceland Outpost

Heavy pressure ice in the Antarctic assumes fantastic forms and makes pretty pictures. This one shows a skier from the Byrd expedition's west base contemplating weird depths of glacial canyon.

Impressive as a levy of diplomats at a grand ball, penguins waddle over to the Byrd expedition's west base and stick out their shiny, well-fed fronts. This new photo from the Antarctic is probably the best of a long line of swell, rib-tickling penguin pictures.

Maj.-General H. Williams, Director-General of Welfare to the British forces (centre, with stick), as he visited an airbase on Iceland. Iceland has suddenly become a land of great interest to all Canadians and Americans as well as to peoples of the British Isles.

Canadian women have entered a number of new fields of endeavour since the war and probably the most important of these has been their participation in the making of munitions and airplane parts. In airplane plants they're engaged in metal lathe work, fabric sewing, adjusting and shellacking as well as other tasks. This picture shows women workers in a munitions plant as they inspect completed cases.

"All-Out" Aid For Willie

After making a fiery speech at a "Freedom Rally" in Madison Square Garden in New York, in which he lashed out at non-interventionists for their "defeatist" attitude, Wendell Willkie cools his throat, drinking directly from a water pitcher. He called for "less talk and more action" in giving effective aid to Britain.

☆☆☆

One look at the faces of these Canadians manning an anti-aircraft gun in England is sufficient to mean business. The gun is a Bofors. Canada not only sends the men to England to fire these weapons, but also manufactures the barrels and shells in plants far from the reach of enemy bombers.

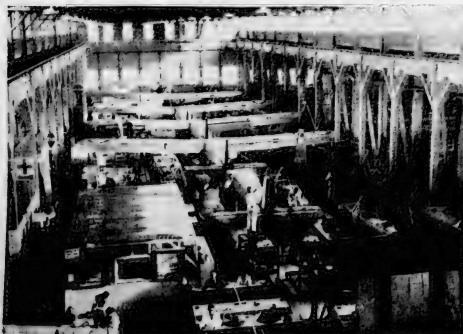

Safe aboard a British warship, this English mother beams happily at her child, who is safe, young to realize the narrow escape he has had. Mother and child were among the survivors of a ship torpedoed by a German U-boat in the Atlantic. They were in an open boat for 22 days before they were picked up.

Highlanders slip, slide and slither through foxholes of Malaya as dryland soldiers from Scotland's hills and heather take to mangrove swamp in defense manoeuvres designed to guard Singapore.

Canada Builds Her Own Wings

This busy scene shows part of the assembly line in the Canadian plant where Norseman and Harvard training machines are turned out for use in the British commonwealth air training plan.

New Contingent Of Canadians In England

Testing their gas masks in their new quarters at Aldershot, soon after their arrival from Canada, are these soldiers trained in the Dominion across the sea. Left to right, back row, P. J. Campbell, of Quebec, P. A. Butcher, of Ontario, P. J. Leamy, of Ontario. Front row, P. J. Leamy, of Saskatchewan, A. W. Wills, of Quebec, A. R. Dudley, of Ontario.

Prepared for the blasted bridges they figured they'd find in Greece, Canadians brought along their blitz beats for speedy crossings. Here a half-ton ox stands aside as a trailerload rolls by.

THIS IS A FINE HOW-DO-YOU-DO, GETTING RUN OUT OF YOUR OWN LIVING ROOM!!

OH, HENRY, STOP YOUR GRUMBLING.

LET THEM HAVE THEIR RUN DOWNSTAIRS.... THEY'RE ONLY YOUNG ONCE!

DO THEY HAVE TO PLAY THOSE SILLY PARLOR GAMES?

JUST LISTEN TO THAT CRAZY BABBLE DOWN THERE! THEY SOUND LIKE A PACK OF HALF-WITS!

MARY, WOULD YOU GET ME A DRINK OF WATER? I'M THIRSTY!

WE'LL GO DOWN IN THE KITCHEN AND GET IT!

AND FACE THOSE LUNATICS? NOTHING DOING!!

WELL, IF YOU'RE THIRSTY, YOU'LL GO DOWN ANYWAY!

???

OH, MR. MCGOOSBY, I DIDN'T KNOW IT WAS YOU! WE WERE PLAYING A GAME!!

OH, THAT'S ALL RIGHT, CONNIE!

WHAT WERE THEY DOING DOWN THERE?

PLAYING SOME SILLY GAME! I DIDN'T PAY MUCH ATTENTION!

NOW I'M GETTING THIRSTY TOO!

YOU SIT RIGHT WHERE YOU ARE, MARY! I'LL GET IT FOR YOU MYSELF!

THERE'S NO SENSE IN BOTH OF US BEING INCONVENIENCED!!
